

Project Information

Builder-Owner

Natter Otmar und Anette

Location

Mellau

Completion

1997

Project facts

NGF 292 m², BGF 320 m²,
BRI 1.060 m³

Small, but perfectly formed.

The small detached house in the middle of the Bregenzerwald is developed with the traditional personality of a Bregenzerwald house. An elongated, timber, simple, south-facing structure that reacts to the beautiful location and offers a quiet and spacious home.

Passive solar use, active collector surfaces and wood heating, together with an optimised building envelope, guarantee economical operation.
